In compliance with the Rules of Procedure, a preapplication conference was held in Lafayette, Louisiana, on June 9, 2004, at which the parties named on the attached list were in attendance.

The conference was opened with a discussion by Bill McAlister, representing Triangle Oil & Gas, Inc., concerning the nature and purpose of the conference and the bases for the applicant's proposed unit.

There was a question and answer period after which the meeting was adjourned. No counterplans were presented at this conference, however, there was a request that the unit that is established by the Office of Conservation concerning this matter will terminate after unit operations and production has ceased. Our application reflects this request as per Item No. 6.

There are attached hereto and made a part hereof a plat outlining the proposed unit, the conference attendance list, and a list of the names and addresses of the Interested Owners, Represented Parties, and Interested Parties to whom this application is being sent. Pursuant to the Revised Rules of Procedure, such list of parties and proposed unit plat (being the same plat attached to the May 18, 2004 preapplication notice) are being furnished ONLY to the Commissioner of Conservation and to the District Manager of the Lafayette District of the Office of Conservation. However, said plat and the list of parties will be provided to any party requesting copies. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Represented Parties and Interested Parties.

Finally, there is enclosed our check on behalf of the applicant, Triangle Oil & Gas, Inc., in the sum of \$7,550.00 payable to the Office of Conservation and representing the required hearing application fee.

Sincerely,

LEON E. COMEAUX & ASSOCIATES
